

College Townhomes & Campus Apartment License Contract 2024-2025

A. LICENSE

The North Dakota State College of Science (NDSCS) offers to provide apartment style housing in consideration for payment of the fee in effect at the time of occupancy. This document creates a license for the individual to use apartment style campus housing and is not a lease. The relationship between NDSCS and the individual is that of licensor-licensee and not that of landlord-tenant. A license creates a privilege for individuals to use residential housing subject to the terms and conditions of this agreement and college regulations/policies. The written terms of this license supersede all previous license contracts as well as any verbal statements, telephone conversations, or emails made concerning this license contract.

B. LENGTH OF LICENSE CONTRACT

The terms of this license contract are valid from August 1, 2024 until July 31, 2025, or the balance thereof if signed after the beginning of the term. Apartment and Townhome licensees who live in or retain a campus apartment or townhome after July 31, 2025 are automatically subject to the terms and conditions of the 2025-2026 College Townhome and Apartment license contract.

C. RATES

The room and board rates are available online at www.ndscs.edu/paying-college/costs-ndscs-know-you-owe. Students participating in academic programs that require them to be away from campus during the semester will not receive a discounted rental rate for their time away.

Licensees must review and submit any comments for the room inventory and condition report to the Residential Life Department within 72 hours of checking into their unit. Licensees are responsible for damages to their unit that are not reported on the apartment Room Condition Report at check-in and are itemized on the Room Condition Report at the time of check-out or on a damage assessment provided to Residential Life by Facilities Management. Unacceptable conditions that would constitute a policy violation include, but are not limited to: floors covered with trash or personal items, failure to take trash out of a unit, food or drink that creates an odor or will attract insects or rodents. Residential Life reserves the right for professional staff members to exercise their judgment in determining and enforcing standards that a reasonable person would expect in a living environment.

No alterations, additions or deletions to the premises will be made without prior approval from the Residential Life Department. Licensees are responsible for all repair charges (including materials) and cleaning charges, except those occurring from normal wear and tear. Nothing is permitted on the exterior/hallway door of the apartment, aside from items approved or provided by the Residential Life Department. Repair and cleaning charges will be billed to the licensee's student account. College furniture and fixtures shall not be removed from the premises. Licensees are not allowed to remove the screens from the windows. Failure to

Amenities in all units include: wireless Internet (routers of any kind are prohibited), electricity, heat, water, sewer and central garbage pickup. In addition, washers and dryers are located within or near each building. Privately owned washers and dryers are not permitted. Satellite dishes are not permitted on campus.

In addition, licensee agrees not to hold responsible the college, the Residential Life Department and their employees and agents from any claims or damages sustained by the licensee or guests as a result of acts or omissions relating to any changes or modifications made by the licensee to the room or furnishings. Licensees are financially responsible to the college and other residents for damage, loss or injury sustained by the college, the Residential Life Department and their employees and agents as a result of the licensee's spouse, child(ren), domestic partner, or guests' acts or omissions. Damage charges will include cost of labor and materials for all repairs and/or cleaning.

Q. RIGHT OF ENTRY/INSPECTION

The right to inspect units without notice is reserved by the Residential Life Department and Facilities Management for purposes of maintenance, cleaning, fire and personal safety and for purposes of administering provisions of this contract. Such entry by the Residential Life Department and Facilities Management shall not be regarded as a search but is separately agreed to and authorized by the Licensee. Entry and inspection of rooms by the Residential Life Department, Facilities Management or law enforcement officials for the purpose of discovering violations of college regulations, local, state or federal law will be subject to the college policy expressed in the *NDSCS Student Guide to Rights and Responsibilities*.

R. REPAIRS AND MAINTENANCE

The Residential Life Department agrees to maintain all units. The Residential Life Department will provide reasonable notice of major repairs and maintenance when possible, however, the Residential Life Department and Facilities Management reserve the right to enter a unit without notice. Routine maintenance will be completed during regular business hours whenever possible. Emergency repairs, as determined by Facilities Management and/or the Residential Life Department, will be completed as soon as possible. The request for maintenance serves as authorization to enter the apartment unit and complete requested work. Licensees should promptly contact the Residential Life Department to report when any equipment, appliances, or any other part of the unit malfunctions or needs repair. Personal repairs are prohibited. Repairs necessitated by the actions of any of the Licensees, or their guests, will be billed to the responsible licensee's student account, with the exception of ordinary wear and tear. When responsibility for damage cannot be determined, roommates will be held equally responsible.

The Residential Life Department's duty of maintaining the premises is not breached should any delay in performing repairs, interruption, breakdown, or disrepair due to conditions beyond its control, including, but not limited to, interference by licensee(s) with the Department's ability to take corrective action, lack of reasonable opportunity to correct such condition, disaster or other acts of nature, or the Department's lack of knowledge of such conditions.

S. DAMAGE

In an effort to contain rising housing rates, the Residential Life Department reserves the right to charge licensees of a building for damage to common areas. Common area damage is defined as malicious or negligent damage to common areas, hallways, or college property/furniture, above normal wear and tear, and includes theft of property. Licensees are expected to report any damage to college property to Residential Life staff. Licensees are responsible for damages to their unit that are not reported on the Room Condition Report at check-in and itemized on the Room Condition Report at the time of check-out.

Tobacco products include any product that contains tobacco, is derived from tobacco or contains nicotine or other similar substances, intended for human consumption, or is likely to be consumed, whether smoked, heated, inhaled, chewed, absorbed, dissolved, or ingested by any other means. The term "tobacco product" includes, but is not limited to, e-cigarettes and other electronic smoking devices, pipes and rolling papers, cigarettes, vaporizers, cigars, pipes, hookahs, chewing tobacco, snuff, smokeless pouches and other forms of loose leaf tobacco, but does not include any product approved by the United States Food and Drug Administration for legal sale as a tobacco cessation product and is being marketed and sold solely for the approved purpose. E-cigarette means any electronic vaping device, such as one composed of a heating element, battery or electronic circuit, or both, which provides an aerosol of nicotine or any other substance, and the use or inhalation of which simulates smoking. The term includes any such device, whether manufactured, distributed, marketed, or sold as an e-cigarette, e-cigar, e-pipe, vape device, vape product or under any other product name or descriptor. E-cigarette also includes any component part of such a product whether or not sold separately. For more information and to view the full NDSCS Tobacco-Free Environment Policy, visit www.NDSCS.edu/Tobacco. There may be a minimum \$250.00 cleaning fee assessed to residents who violate this policy in their room or suite. In addition, violators are subject to additional sanctions as outlined in the *NDSCS Student Guide to Rights and Responsibilities*. Fire hazards, including but not limited to, any item having an open flame, open heating coils, candles, incense burners, lava lamps, neon signs and halogen lamps are strictly prohibited. This policy shall not prohibit individuals or student organizations from possessing, storing or using weapons at approved locations for the purpose of meeting requirements of educational programs and/or approved activities being conducted by a student group recognized by the College. NDSCS Police provides storage for students to store sporting arms, such as those used for hunting and other shooting sports. An officer must be present for check-in/check-out.

5. **Prohibited Items** – The capacity of the electrical systems in the apartments and townhomes is limited. Overloading these systems can present fire and safety hazards. If licensees want to increase the number of outlets in their room, they are required to use only UL-approved power strips, which contain an independent circuit breaker or fuse. Items prohibited in the apartments include but are not limited to: Routers of any kind, antennas, dishes or aerials for radios or TVs, electric frying pans, electric grills and fryers, hot plates, pizza ovens, rice cookers without automatic shut-off, space heaters, wax melts and wax warmers, misting diffusers, electric blankets, cordless curling irons, 3D printers, lighters, and electric cords outside of the apartment or building. Spray deodorant and spray air fresheners are also prohibited as these items can set off fire alarms. Rope/string lights with self-adhesive are prohibited as they cause significant damage to the surface they are adhered to. Licensees are not permitted to tamper/disrupt access to the campus Internet by direct connect or reconnecting equipment/devices to the campus Internet. No motorized vehicles or combustion engines may be used or stored in the apartments. Bicycles are also prohibited from being stored in the apartment units. 7. **ESA/Service Animals or Pets**– With the exception of animals authorized by NDSCS Accessibility Services or those defined as service animals under the Americans with Disability Act (ADA), pets are prohibited inside campus buildings, with the exception of fish (in a tank 10 gallons or less). Licensees who are approved by NDSCS Accessibility Services to have an animal in campus housing must provide Residential Life with the animal’s required immunizations, license information and must meet with a Residential Life designee to review and sign an animal registration agreement prior to bringing the animal to campus. Animals in outdoor areas must be on a leash, must be under the control of the owners or their designees at all times and should not be left unattended. Owners are responsible for any health or safety issues that may arise concerning the presence of these animals on College property and at NDSCS outdoor sponsored or supervised events. Failure to comply with any of the responsibilities outlined in the animal registration agreement may result in the exclusion of the animal and owner of the animal from campus housing.
8. **Safety and Security** –Licensees are expected to cooperate with any College official or emergency personnel in the performance of their duties. Licensees are required to comply with safety and security procedures and may not tamper with locked doors, pull open locked doors or admit unauthorized people into apartment facilities. Licensees are expected to lock their apartment unit or townhome. Individuals setting off false alarms, tampering with or removing fire-fighting equipment, or vandalizing or disrupting elevator service are subject to a \$500.00 fine, disciplinary action including termination of this License Agreement and criminal prosecution.
9. **Quiet/Courtesy Hours** - Licensees are expected to honor established quiet hours (10PM – 10AM on weekdays, Midnight – 10AM on weekends), which are posted in the apartments. Residents, with the assistance of the Residential Life student staff, monitor the established quiet hours. If activity/music in your unit can be heard next door at this time, it exceeds quiet hour’s standards. During this time, residents and guests are expected to conduct themselves in a manner that will not disturb others and to support the maintenance of quiet hours. Courtesy hours are in effect 24 hours a day/7 days a week, and are those times outside of the established quiet hours when residents are expected to be considerate of the rights of other students on their floor and in the apartment that might be studying or sleeping. In addition, residents who abide by courtesy hours offer their neighbors the same respect they might ask of them. Quiet hours may be adjusted based on community need and/or final exams week. Residents are responsible for appropriately confronting others whose behavior is unreasonable by asking them to cooperate when the noise level becomes a disturbance. When needed, Residential Life staff will assist in reaching solutions to conflicts or enforcing these regulations. Problems with excessive noise will be referred for student conduct action.

U. KEYS

Apartment keys are the property of the Residential Life Department and may not be duplicated. Loss or failure to return any keys will result in a charge for replacement of the cylinder and keys. All keys must be returned to the Residential Life Department upon checkout. Licensees who lock their room keys in their apartment will be given a verbal warning for their first lockout. Licensees will be fined \$25.00 for each additional lockout after a verbal warning is given.

V. AUTOMOBILES & PARKING

Licensees may park vehicles on campus as long as they observe parking, speed limits and other traffic regulations. Automobiles must be parked only in the areas provided for that purpose. All vehicles must be registered with NDSCS Police. This includes the purchase and display of the annual parking permit. All NDSCS parking regulations must be followed. All questions relating to vehicles and parking should be directed to NDSCS Police.

Visitors must park in the Blikre Activities Center parking lot. Parking spaces on Center, East, and West Drives are reserved for licensees. Trailers, boats, camping trailers, etc., may not be parked in lots where parking is assigned. Motorized vehicles may not be driven or parked on the sidewalks or grass.

W. GUESTS

A guest in the apartments is defined as an individual person who is not assigned to the individual apartment or the apartment complex they are currently in and is in the space with the consent of a hosting licensee living in that apartment. Individuals not assigned to the apartment complex must be invited guests of the licensees.

Licensees are responsible for the behavior of guests. Open (24 hour) visitation means that licensees may have guests in their units; however, guests' stay shall not exceed 72 consecutive hours without written permission from the Residential Life Department. Cohabitation is not permitted in College-owned or College-controlled facilities, including those facilities which allow 24-hour guest visitation. Cohabitation is defined as any circumstance, which would prompt a reasonable person to believe a guest has a regular and/or steady presence in an apartment. Anyone maintaining clothing changes, keeping personal effects, or using the bathroom/shower facilities in an apartment for more than 72 consecutive hours, will have established a regular and/or steady presence for the purposes of enforcement of this regulation. Allowing an uncontracted individual to reside in your apartment is grounds for termination of this license contract.

Visitation may not infringe on the rights of roommates. The right of a roommate to sleep or study supersedes the right of another person to entertain guests. Roommates should discuss expectations regarding guests prior to their arrival and/or problems arising.

This notice does not apply if the licensee is moving to other campus housing.
4. Upon completion of the notice to vacate, the licensee(s) will receive vacate information via email detailing the expectations for cleanliness and proper check out procedures. Licensees should contact Residential Life if they do not receive vacate information via email.
5. Licensees are responsible for license fee charges for each day they hold keys to the unit.
